The image shows a document page that is extremely faded and blurry. It appears to be a ledger or a form with multiple columns and rows. The text is illegible due to the poor quality of the scan. There are some faint markings that might be numbers or letters, but they cannot be read with any certainty.

The first of these is the fact that the
 system is not a simple one, and that
 the results are not always the same.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in a dark ink on aged, slightly discolored paper. The script is dense and fills most of the page, with some lines starting with large, decorative initial letters. The text appears to be in a historical language, possibly Latin or a related Romance language, given the context of the manuscript's appearance. The handwriting is somewhat slanted and shows signs of being written quickly or in a specific regional style. There are some faint markings and bleed-through from the reverse side of the page, which is common in older documents. The overall condition of the page suggests it is a well-preserved but aged piece of historical writing.
